

Make a paper dreidel that spins

Cut on the outside line, fold on the dashes, glue the tabs. Push a short pencil through the top to spin!

- 1 Colour it in (optional!).
- 2 Cut around the outside line and the glue tabs.
- 3 Fold every dashed line.
- 4 Glue the side tab to make a box, then the top.
- 5 Fold the four triangles in to make the point and glue.
- 6 Push a short pencil through the hole and spin!
